

Jaice Joseph

AUTOMOTIVE VISUALIZATION ARTIST | 3D Generalist

E-mail : josephjaice@gmail.com Phone : +91-8626043163 Location : Pune, Maharashtra

Automotive visualizer with over 6 years of industry experience and a foundation in product design, focused on bringing vehicles and technology to life through precise 3D modeling and real-time visualization. Experienced in collaborating with design and engineering teams to translate complex systems into clear, production-ready visual experiences across cinematic and interactive platforms.

Experience

Sr. New media Designer

Matter Motor Works
Dec 2021- Current

- Deliver production and concept motorcycle visualizations, executing 3D modeling, CAD data preparation, re-topology, rigging, materials, and lighting in Unreal Engine and Blender with OEM-level visual fidelity.
- Designed and developed real-time interactive digital product experiences, while building a streamlined CAD-to-visualization pipeline optimized for offline and real-time rendering workflows.
- Collaborate with Industrial Design and Engineering teams to validate design intent and component accuracy, while leading a small team to deliver projects under compressed timelines.

Industrial Designer

Dhariwal Marble Industries
Feb 2021 – Mar 2022

- Designed narrative-led luxury washroom products (bathtubs and washbasins), delivering rapid concept development aligned with premium positioning.
- Created production-ready 3D data and visualizations, coordinating with manufacturing teams and international partners such as FIMA Carlo Frattini through to production.

Automobile Designer

Pinnacle Industries Limited
Aug 2020 - Feb 2021

- Designed complete interior architecture for a Kerala Tourism motorhome, optimizing modularity and space efficiency; exceeded briefed occupant capacity while achieving production readiness.
- Contributed to city bus development and designed seating systems, driver cabin layouts, and interior components for platforms including Force Traveller, supporting transition from

Education

DYPDC College of Design, MDes in Automotive Design
Pune, Maharashtra

2018 - 2020

Kerala University, Bachelors in Mechanical Engineering
Trivandrum, Kerala

2012 - 2016

Portfolio

www.jaicejoseph.com

Skills

- System Design
- Problem solving
- Team management
- Cross-team functionality
- Automotive Visualization
- 3D modeling
- Cinematic storytelling
